In today's rapidly evolving talent landscape, organizations require more than conventional hiring — they demand strategic, intelligence-driven workforce solutions that deliver precision, speed, and long-term value.

LabelzAI is a next-generation HR Management and Recruitment Services company operating across IT and Non-IT industries throughout PAN India — engineered to bridge the critical gap between exceptional talent and high-growth organizations.

We specialize in delivering end-to-end talent acquisition solutions — from entry-level hiring and lateral placements to executive search and large-scale volume recruitment — across diverse sectors including Information Technology, Healthcare, Pharmaceuticals, BFSI, Manufacturing, FMCG, and beyond.

Our methodology integrates AI-assisted candidate screening, competency-based assessment frameworks, and deep domain expertise — ensuring every placement is aligned with your organizational objectives, cultural fit, and long-term growth strategy.

With a verified pan-India candidate network, dedicated industry-specific recruitment verticals, and a structured 6-step delivery process, LabelzAI consistently delivers faster turnaround, reduced attrition, and superior hiring outcomes.

At LabelzAI, we don't just recruit — we build scalable, future-ready workforces that power organizational excellence.

About Us

At LabelzAI, we deliver precision-driven HR management and recruitment solutions for both IT and Non-IT industries, connecting organizations with high-caliber talent that drives measurable business outcomes.

Founded on the principles of data intelligence and human expertise, LabelzAI operates at the intersection of technology-enabled hiring and strategic workforce management. Our recruitment framework integrates competency-based assessment, role-specific talent mapping, and AI-assisted candidate screening to ensure every placement aligns with your organizational objectives.

We serve a diverse industry portfolio spanning Information Technology, Medical & Healthcare, Pharmaceuticals, BFSI, Manufacturing, Liquor & Beverages, FMCG, etc. — delivering end-to-end hiring solutions from executive search and lateral hiring to bulk recruitment and contract staffing.

Our HR management services encompass workforce planning, onboarding optimization, compliance management, and employee lifecycle support — engineered to reduce operational overhead and improve retention rates.

At LabelzAI, we don't just fill positions — we build scalable talent pipelines aligned to your long-term growth strategy. With deep domain expertise, a verified candidate network, and a structured delivery process, we ensure faster time-to-hire, lower attrition, and stronger team performance.

Partner with LabelzAI — where intelligent recruitment meets operational excellence.

LabelzAI — Why Choose Us?

In a competitive talent landscape, choosing the right recruitment partner defines your organization's growth trajectory. LabelzAI brings a structured, intelligence-driven approach to HR and recruitment — purpose-built for IT and Non-IT industries across PAN India.

◆ *AI-Assisted Talent Acquisition*

We leverage data-driven screening tools and competency mapping frameworks to identify candidates with precision — reducing mis-hires and accelerating time-to-offer.

◆ *PAN India Recruitment Network*

Our verified talent network spans metro cities, Tier-2, and Tier-3 markets — enabling seamless hiring across all geographies and organizational levels.

◆ *Multi-Industry Domain Expertise*

From IT, BFSI, and Healthcare to Pharmaceuticals, Manufacturing, and FMCG — our recruiters carry deep sector knowledge ensuring role-fit accuracy at every level.

◆ *End-to-End Workforce Solutions*

We manage the complete hiring lifecycle — executive search, lateral hiring, bulk recruitment, contract staffing, and HR compliance management.

◆ *Faster TAT. Lower Attrition.*

Our structured delivery model guarantees reduced turnaround time, stronger candidate-employer alignment, and measurable improvement in employee retention rates.

◆ *Dedicated Account Management*

Every client receives a dedicated recruitment specialist ensuring transparent communication, SLA adherence, and consistent delivery quality.

Our Mission

LabelzAI Techservices is committed to bridging the widening gap between emerging technology demands and India's evolving talent ecosystem. As a trusted IT and Non-IT recruitment agency, our mission is to identify, assess, and deploy professionals equipped for tomorrow's roles — AI/ML engineers, data annotators, cloud architects, cybersecurity specialists, and automation experts — alongside core Non-IT talent across healthcare, pharma, and FMCG sectors. We deliver precision-driven staffing solutions and executive search services that anticipate industry shifts rather than react to them. By combining deep sector expertise with forward-looking workforce planning, LabelzAI empowers organizations to build future-ready teams, ensuring sustained competitiveness in an increasingly technology-driven, skills-based global economy.

Our Vision

LabelzAI envisions becoming India's most trusted talent acquisition partner, bridging the gap between skilled professionals and organizations across IT and Non-IT sectors. As a leading HR management and recruitment consultancy, we are committed to delivering scalable workforce solutions through data-driven candidate sourcing, rigorous screening protocols, and industry-specific hiring expertise.

Our vision extends beyond transactional staffing — we aim to build long-term partnerships rooted in quality talent mapping, compliance-driven HR practices, and measurable placement success. By integrating technology with human insight, LabelzAI strives to redefine recruitment excellence, empowering businesses with the right talent and professionals with the right opportunities, consistently, ethically, and efficiently, nationwide.

Services

Permanent Recruitment

Permanent Staffing & Recruitment Services | IT and Non-IT Talent Acquisition

Building Workforces That Drive Business Growth

LabelzAI Techservices LLP delivers end-to-end permanent staffing solutions for organizations across IT and Non-IT sectors in India. As a specialized recruitment consultancy, we combine structured sourcing methodologies, domain-specific screening, and data-driven candidate evaluation to place professionals who fit both the role and the organizational culture — the first time.

Our permanent placement services are built for companies that need more than resume matching. We function as an extension of your talent acquisition team, managing the complete recruitment lifecycle from requirement definition to onboarding support.

IT Recruitment Services

For technology organizations, hiring accuracy is non-negotiable. Our IT recruitment services cover software development, data engineering, DevOps, cybersecurity, QA/testing, cloud infrastructure, and emerging technology roles including AI/ML and data science positions. We maintain an active talent pipeline across experience bands — from early-career developers to CTO-level leadership — enabling faster time-to-hire without compromising technical fit.

Every IT candidate is evaluated through:

- Technical skill verification aligned to role-specific stacks and frameworks
- Project and portfolio assessment for hands-on capability
- Cultural and team-fit screening to reduce early attrition
- Compensation benchmarking against current market data

Non-IT Staffing Solutions

Our Non-IT staffing solutions serve sectors including healthcare, pharmaceuticals, FMCG, liquor and beverages, manufacturing, and corporate functions such as finance, operations, sales, and HR. We understand that Non-IT hiring requires different evaluation criteria — regulatory knowledge, sector-specific certifications, field experience, and compliance awareness — and we build our screening process accordingly.

Our Recruitment Process

- **Requirement Scoping** — Defining role mandates, must-have competencies, and success metrics with the hiring team
- **Talent Sourcing** — Multi-channel candidate identification through proprietary databases, professional networks, and direct outreach
- **Screening & Assessment** — Technical, behavioral, and cultural-fit evaluation
- **Shortlisting & Coordination** — Curated candidate profiles with interview scheduling support
- **Offer Management & Onboarding** — Negotiation support and post-placement follow-up to ensure retention

Why Organizations Choose LabelzAI Techservices

- Sector depth across IT and Non-IT, avoiding generic, one-size-fits-all sourcing
- Reduced time-to-hire through pre-qualified, active talent pipelines
- Lower attrition risk via structured fit-assessment beyond technical qualification
- Transparent process with regular pipeline visibility and reporting
- India-based delivery, pan-India reach, serving startups to enterprise clients

Whether you're scaling an engineering team, filling a critical leadership vacancy, or building out field operations staff, LabelzAI Techservices LLP provides the recruitment infrastructure to hire right, hire fast, and hire for the long term. Get in touch to discuss your hiring requirements and build a staffing plan tailored to your sector.

Recruitment Process Outsourcing (RPO)

Strategic Recruitment Process Outsourcing (RPO) Solutions for IT & Non-IT Businesses

LabelzAI delivers end-to-end Recruitment Process Outsourcing (RPO) Services that enable organizations to transform their hiring strategy through scalable, technology-driven, and cost-efficient talent acquisition solutions. Our RPO model functions as an extension of your HR team, managing the complete recruitment lifecycle — from workforce planning, employer branding, candidate sourcing, screening, assessments, interview coordination, offer management, onboarding, and post-placement support.

With deep expertise across Information Technology (IT), Engineering, Manufacturing, Healthcare, BFSI, Retail, E-commerce, Logistics, Telecommunications, Pharmaceuticals, Renewable Energy, FMCG, Infrastructure, Automotive, and Corporate Functions, we help businesses hire exceptional talent ranging from entry-level professionals to C-suite executives. Leveraging AI-powered sourcing tools, advanced recruitment analytics, and an extensive nationwide talent network, we significantly reduce Time-to-Hire, improve Quality-of-Hire, and optimize overall recruitment costs.

Our customized RPO engagement models — including Project RPO, Enterprise RPO, Hybrid RPO, On-Demand RPO, and High-Volume Hiring Solutions — are designed to align with your organizational goals, growth plans, and hiring volumes. Every recruitment campaign is supported by dedicated Talent Acquisition Specialists, industry-focused recruiters, structured screening methodologies, compliance-driven processes, and measurable Service Level Agreements (SLAs) to ensure consistent hiring excellence.

Why Enterprises Choose RPO

Traditional staffing models struggle to absorb volume hiring, niche skill sourcing, or rapid market expansion. Our RPO model addresses these gaps through:

- **Dedicated Recruitment Pods** — Sector-aligned recruiters mapped to your hiring verticals for faster requisition-to-offer cycles
- **Technology-Driven Sourcing** — ATS integration, Boolean and semantic search, and structured candidate pipelines for consistent quality
- **Scalable Engagement Models** — Full RPO, project-based RPO, and hybrid RPO structures adaptable to hiring volume fluctuations
- **Data-Backed Hiring Metrics** — Time-to-fill, cost-per-hire, and quality-of-hire reporting for continuous process optimization
- **Compliance-First Operations** — Adherence to statutory, contractual, and industry-specific hiring regulations across India

Why Choose LabelzAI RPO?

- End-to-End Recruitment Lifecycle Management
- IT & Non-IT Industry Recruitment Expertise
- PAN India Talent Acquisition Network
- AI-Driven Candidate Sourcing & Screening
- Faster Time-to-Hire with Higher Offer-to-Join Ratio
- Dedicated Recruitment Team & Account Manager

- Scalable Hiring for Startups, SMEs & Enterprises
- Executive Search, Lateral Hiring & Bulk Recruitment
- Data-Driven Recruitment Analytics & Reporting
- HR Compliance, Background Verification & Onboarding Support
- Flexible Engagement Models with Transparent Pricing
- High Candidate Quality through Multi-Level Evaluation Process

Built for Long-Term Talent Partnerships

RPO is not a one-time staffing transaction — it is an operational partnership. We function as an embedded extension of your talent acquisition function, absorbing recruitment complexity so your internal teams can focus on workforce strategy, retention, and organizational growth.

Whether you are scaling a technology team, expanding into new markets, or restructuring hiring for a Non-IT vertical, our RPO model is built to flex around your business requirements — not the other way around. Partner with an RPO provider that treats recruitment as infrastructure, not a vendor transaction.

Contract Staffing

Flexible Contract Staffing Solutions for Agile Business Demands

Scale Fast. Hire Smart. Stay Compliant — Across IT & Non-IT Sectors PAN India.

LabelzAI Techservices LLP provides contract staffing services designed for organizations that require skilled professionals on a fixed-term, project-based, or temporary engagement basis — without the overhead and commitment of permanent headcount.

In today's dynamic business environment, workforce agility is a competitive advantage. Our contract staffing solutions enable companies to deploy qualified talent precisely when and where it is needed — for product launches, seasonal demand surges, project ramp-ups, or interim role coverage — with zero compromise on candidate quality.

We manage the complete staffing lifecycle — from talent sourcing and screening to onboarding, payroll processing, and compliance management — so your internal HR and operations teams remain focused on core business priorities.

We deploy contract professionals across Technology, Healthcare, Pharmaceutical, Manufacturing, BFSI, Sales, and Operations functions, serving startups, mid-market enterprises, and large corporations with equal efficiency across PAN India.

What Our Contract Staffing Delivers:

- **Rapid Deployment** — Pre-vetted contract professionals available for immediate mobilization within defined timelines
- **Full Compliance Management** — PF, ESIC, statutory deductions, and labour law compliance handled end-to-end by LabelzAI
- **Flexible Engagement Models** — Short-term, long-term, and rolling contract options tailored to project duration and budget
- **Seamless Payroll Administration** — Accurate, on-time payroll processing for all deployed contract staff
- **Replacement Assurance** — Swift replacement of underperforming or unavailable contract resources without disruption to project timelines
- **Scalable Workforce Solutions** — Ramp up or scale down headcount dynamically in response to business cycles

If your business needs dependable, compliant, and rapidly deployable talent — whether IT or Non-IT — LabelzAI's contract staffing division is built to deliver. Get in touch today to discuss your workforce requirements and build a staffing plan aligned with your project timelines.

Executive Search (Headhunting / Retained Search)

Confidential Executive Search for Leadership Mandates Across IT & Non-IT Sectors

Identify. Evaluate. Appoint — Senior Leadership Talent That Drives Organizational Transformation.

LabelzAI Techservices LLP provides executive search services for organizations seeking to appoint proven leadership talent at the Director, VP, CXO, and Board level — across IT and Non-IT industries throughout PAN India.

Leadership hiring is fundamentally different from conventional recruitment. The stakes are higher, the talent pool is narrower, and the consequences of a mis-hire at the senior level are organizationally significant. LabelzAI's executive search practice operates as a dedicated leadership advisory function — combining deep industry mapping, confidential outreach, and rigorous multi-dimensional assessment to identify and engage leaders who are not actively visible in the open market.

We do not post job advertisements and wait. We proactively map leadership talent across target organizations, industries, and geographies — approaching high-calibre passive candidates through structured, discreet, and professionally managed engagement — ensuring your mandate reaches the right individuals, not just the available ones.

Every executive search assignment is handled by senior consultants with domain expertise, ensuring that candidate evaluation goes beyond functional competency to assess strategic thinking, leadership philosophy, cultural alignment, and long-term organizational fit.

We serve organizations across Technology, Healthcare, Pharmaceutical, BFSI, Manufacturing, FMCG, and Infrastructure sectors, managing mandates at every senior tier with absolute confidentiality and measurable outcome accountability.

What Our Executive Search Practice Delivers:

- **Confidential Mandate Management** — Complete discretion maintained at every stage — from briefing to appointment — protecting organizational sensitivity and candidate privacy
- **Passive Talent Identification** — Access to high-calibre leaders not visible on job boards through proprietary industry mapping and direct outreach networks
- **Senior Consultant-Led Assignments** — Every mandate handled personally by experienced search professionals with relevant domain knowledge
- **Structured Leadership Assessment** — Competency mapping, psychometric profiling, case-based evaluation, and cultural alignment review for every shortlisted candidate
- **Board & CXO Level Capability** — Proven track record managing CEO, COO, CFO, CHRO, CTO, and Independent Director mandates across diversified industries
- **Defined Search Timeline** — Structured milestone-based search process with regular client updates from mandate kick-off to final appointment
- **Post-Appointment Integration Support** — Onboarding advisory and early-tenure check-ins to maximize leadership transition success

Serving Industries

Information Technology (IT)

IT Recruitment Services | PAN India

LabelzAI HR Management & Recruitment Consultancy delivers specialized IT recruitment services across India, connecting technology companies with pre-vetted talent across the entire experience spectrum — junior developers to executive leadership.

Full-Spectrum IT Staffing Solutions

We provide end-to-end IT recruitment and staffing solutions covering permanent placement, contract staffing, and executive search — tailored to your hiring velocity and technical requirements.

Domains We Specialize In:

- Software Development (Full-Stack, Backend, Frontend)
- Cloud & DevOps Engineering (AWS, Azure, GCP)
- Data Science, AI/ML & Analytics
- Cybersecurity & Information Security
- QA & Test Automation
- IT Infrastructure & Network Administration
- Product Management & Technical Program Management
- IT Leadership (CTOs, VPs of Engineering, Technical Directors)

Our technical recruitment specialists use structured candidate screening and skill-mapping frameworks to evaluate coding proficiency, system design capability, and cultural fit — reducing mismatched hires and shortening your time-to-fill.

What Sets Us Apart:

- **Pan-India Reach:** Sourcing talent across Tier 1, Tier 2, and Tier 3 cities
- **Role-Level Precision:** Structured pipelines for junior, mid-level, senior, and executive IT roles
- **Faster TAT:** Optimized sourcing-to-offer turnaround for urgent tech hiring needs
- **Contract-to-Hire Flexibility:** Scalable staffing models for project-based and long-term engagements
- **Compliance-First Approach:** Adherence to labor law and HR compliance

Healthcare & Biotechnology

Healthcare & Biotechnology Recruitment Services | PAN India

Precision Talent Acquisition for India's Healthcare & Life Sciences Ecosystem

LabelzAI Techservices delivers specialized recruitment solutions for the healthcare, pharmaceutical, and biotechnology sectors across India. As a trusted healthcare staffing agency in India, we bridge the critical talent gap between high-growth life sciences organizations and India's evolving skilled workforce — from junior associates to CXO-level leadership.

Our Domain Expertise

We recruit across the full healthcare and biotech value chain, including:

- **Clinical Operations & Research** — Clinical Research Associates, Clinical Data Managers, Biostatisticians, Regulatory Affairs Specialists
- **Pharmaceutical & Biotech Manufacturing** — Production Chemists, QA/QC Officers, Formulation Scientists, Process Engineers
- **Healthcare Delivery** — Hospital Administrators, Nursing Staff, Paramedical Professionals, Healthcare IT Specialists

- **Medical Devices & Diagnostics** — R&D Engineers, Product Managers, Regulatory Compliance Officers
- **Executive Search** — CMOs, VP Operations, Heads of R&D, Country Managers for pharma and biotech enterprises

Why Choose LabelzAI for Healthcare Talent Acquisition

Compliance-First Sourcing: Every candidate is vetted against India's regulatory frameworks — CDSCO, GMP, GCP, and NABH standards — ensuring audit-ready hiring.

PAN-India Talent Network: Our sourcing infrastructure spans Tier 1 pharma hubs (Hyderabad, Mumbai, Ahmedabad) to emerging biotech clusters, giving clients access to both metro-concentrated specialists and cost-efficient regional talent pools.

Role-Level Flexibility: Whether scaling entry-level clinical support teams or filling a critical Director of Regulatory Affairs mandate, our recruitment methodology adapts to headcount velocity and specialization depth.

Reduced Time-to-Hire: Structured screening pipelines and pre-vetted candidate databases cut average hiring cycles significantly compared to generalist staffing firms.

For pharmaceutical companies, biotech startups, hospital networks, and diagnostic firms seeking dependable healthcare staffing solutions, LabelzAI offers contract staffing, permanent placement, and executive search — engineered for India's regulatory and operational realities. Get in touch for a tailored hiring roadmap.

Pharma & Life Sciences

Specialized Pharmaceutical Recruitment Across All Functions & Seniority Levels PAN India

LabelzAI Techservices LLP is a dedicated Pharmaceutical industry recruitment partner for drug manufacturers, API producers, formulation companies, contract research organizations, contract manufacturing organizations, branded generic firms, OTC product companies, nutraceutical brands, and pharmaceutical distribution enterprises across PAN India — delivering background-verified, compliance-aware professionals across every function and seniority level within India's world-leading pharmaceutical sector.

Why Pharma Companies Choose LabelzAI

India's pharmaceutical sector demands recruitment partners who understand regulatory complexity, GMP compliance, and the technical rigor of drug development lifecycles. Our dedicated pharma vertical combines domain expertise with a PAN India sourcing network spanning key manufacturing and R&D hubs — Hyderabad, Ahmedabad, Mumbai, Baddi, Sikkim, and Vizag.

LabelzAI delivers specialized Pharmaceutical Recruitment Solutions for API manufacturing, formulations, biotechnology, vaccines, medical devices, nutraceuticals, and healthcare manufacturing organizations across India. We support pharmaceutical companies in hiring qualified professionals for manufacturing plants, quality functions, engineering, production, regulatory affairs, supply chain, warehouse, and corporate operations. Our recruitment expertise spans Junior, Mid, Senior, and Executive-level positions, ensuring organizations secure skilled talent that meets GMP, GLP, WHO, USFDA, MHRA, and regulatory compliance standards.

Roles We Recruit For

- **Production & Manufacturing:** Production Officers, Shift Executives, Plant Managers, GMP Compliance Specialists

- **Quality Assurance & Quality Control:** QA/QC Executives, Validation Engineers, Regulatory Affairs Managers
- **R&D & Clinical:** Formulation Scientists, Clinical Research Associates, Pharmacovigilance Specialists
- **Sales & Marketing:** Medical Representatives, Product Managers, Zonal/National Sales Heads
- **Leadership:** Plant Heads, VP Operations, CQA, CEO/Country Managers

Our Recruitment Methodology

LabelzAI applies structured screening protocols validating technical qualifications, regulatory knowledge (CDSCO, USFDA, WHO-GMP), and industry-specific competencies before candidate submission — reducing time-to-hire and minimizing mismatched placements. Our consultants maintain active pharma talent pipelines, enabling rapid turnaround on urgent mandates.

Liquor & Beverages

Liquor & Beverage Including Plant & Manufacturing

Specialized Staffing Solutions for India's Liquor & Beverage Industry

LabelzAI Techservices LLP delivers end-to-end recruitment and manpower solutions for the Liquor, Beverage, and FMCG sector across India. As a dedicated HR consultancy for liquor and beverage companies, we bridge the talent gap for distilleries, breweries, bottling plants, distribution houses, and beverage manufacturing units — sourcing candidates from junior operational roles to senior management and executive leadership.

Roles We Recruit For

Junior to Mid-Level:

- Sales Executives & Territory Sales Officers
- Depot & Warehouse Supervisors
- Production & Quality Control Executives
- Merchandisers & Distribution Coordinators
- Excise & Compliance Officers

Mid to Senior Level:

- Area Sales Managers & Regional Sales Managers
- Brand Managers & Trade Marketing Managers
- Plant/Production Managers
- Supply Chain & Logistics Heads
- State Excise & Regulatory Affairs Heads

Executive Level:

- General Manager – Sales & Marketing
- VP/Director – Operations
- Chief Distribution Officer
- National Sales Head

Why Choose LabelzAI for Liquor & Beverage Hiring

Industry-Specific Talent Mapping: We understand the nuances of India's state-wise excise regulations, IMFL (Indian Made Foreign Liquor) distribution networks, and beverage supply chain complexities — enabling precise candidate-role matching.

Pan-India Reach: Active sourcing networks across key liquor markets including Maharashtra, Karnataka, Delhi NCR, Punjab, UP, Telangana, and West Bengal.

Compliance-Aware Screening: Candidates vetted for regulatory knowledge, license handling experience, and sector-specific certifications.

Rapid Turnaround: Structured recruitment pipelines reduce time-to-hire for high-attribution sales and distribution roles.

Confidential Executive Search: Discreet leadership hiring for senior and CXO-level mandates.

E-Commerce

Powering India's E-commerce Workforce, End to End

As India's e-commerce sector scales past \$150 billion in market value, the demand for specialized talent across the supply chain has never been higher. LabelzAI HR delivers PAN India recruitment solutions for e-commerce companies, sourcing candidates from entry-level operations to CXO leadership, tailored to the fast-paced, high-volume hiring needs of online retail, marketplaces, D2C brands, and quick-commerce platforms.

Why E-commerce Companies Choose LabelzAI HR

Our recruitment consultants understand the operational nuances of e-commerce hiring — from warehouse and logistics staffing to digital marketing, category management, and technology roles. We combine sector-specific talent mapping with structured screening to deliver candidates who are productive from day one.

Our E-commerce Hiring Verticals Include:

- **Supply Chain & Logistics** – Warehouse Executives, Inventory Analysts, Last-Mile Delivery Managers, Fulfillment Center Heads
- **Category Management & Buying** – Category Managers, Sourcing Executives, Vendor Relationship Managers
- **Digital Marketing & Growth** – Performance Marketing Managers, SEO Specialists, Marketplace Growth Leads, E-commerce Analysts
- **Technology & Platform** – Backend Developers, DevOps Engineers, Product Managers, Data Analysts
- **Customer Experience** – Customer Support Executives, CX Managers, Trust & Safety Leads
- **Leadership & Executive Search** – COOs, CMOs, Heads of Operations, Business Unit Heads

Recruitment That Scales With You

Whether you're a growing D2C startup hiring your first 10 employees or an established marketplace scaling operations across metro and Tier 2/3 cities, our contract staffing, permanent placement, and executive search services adapt to your hiring velocity — with pan-India sourcing capability and sector-mapped candidate databases.

Renewable Energy & ESG

Renewable Energy & ESG Recruitment Services | PAN India

Powering India's Clean Energy Transition with Precision Talent Solutions

LabelzAI Techservices LLP delivers specialized recruitment solutions for the Renewable Energy and ESG (Environmental, Social & Governance) sector across India. As the nation accelerates toward its 500 GW non-fossil fuel capacity target by 2030, organizations in solar, wind, green hydrogen, energy storage, and sustainability consulting require talent partners who understand both technical complexity and regulatory

frameworks.

Our recruitment consultancy combines domain expertise with a PAN India sourcing network, connecting employers with pre-vetted professionals across the clean energy value chain — from junior engineers to CXO-level leadership.

Sectors We Serve:

- Solar & Wind Energy (EPC, O&M, Project Development)
- Green Hydrogen & Energy Storage
- ESG Consulting & Sustainability Reporting
- Carbon Markets & Climate Risk Advisory
- Power Purchase Agreements (PPA) & Regulatory Compliance
- Grid Integration & Smart Energy Systems

Roles We Recruit For:

- **Junior to Mid-Level:** Site Engineers, ESG Analysts, Sustainability Coordinators, Renewable Energy Technicians, Compliance Associates
- **Senior to Executive:** Project Directors, Head of Sustainability, VP–Renewable Energy, Chief Sustainability Officer (CSO), Business Heads

Our Recruitment Methodology

LabelzAI applies a structured, quality-driven hiring process — rigorous technical screening, credential verification, and cultural-fit assessment — ensuring every placement aligns with your organization's operational and ESG compliance requirements. We understand BRSR reporting mandates, SEBI ESG disclosure norms, and international frameworks (GRI, TCFD, SASB), enabling us to identify candidates who meet both technical and governance benchmarks.

Semiconductor & Electronics Manufacturing

Semiconductor & Electronics Manufacturing Recruitment | PAN India

Precision Talent Acquisition for India's Semiconductor Revolution

As India accelerates toward becoming a global semiconductor and electronics manufacturing hub, LabelzAI Techservices LLP delivers specialized recruitment solutions engineered for the sector's unique technical demands. From fabrication facilities to PCB assembly lines, we connect manufacturers with talent that meets exacting quality and compliance standards.

Our Recruitment Expertise Spans:

Semiconductor Manufacturing — Wafer fabrication engineers, process technicians, cleanroom operators, yield engineers, equipment maintenance specialists, and quality assurance personnel for fab and OSAT facilities.

Electronics Manufacturing Services (EMS) — SMT operators, PCB design engineers, test engineers, production supervisors, and NPI (New Product Introduction) specialists supporting PAN India manufacturing plants.

Engineering & Technical Roles — VLSI design engineers, embedded systems engineers, RF engineers, reliability engineers, and R&D talent for chip design and product development teams.

Leadership & Executive Search — Plant heads, operations directors, VP-Manufacturing, and CXO-level placements for greenfield and brownfield semiconductor and electronics projects.

Why Manufacturers Choose LabelzAI

We recruit across the complete talent pyramid — from junior technicians and shift-floor engineers to senior executives and plant leadership — with domain-specific screening that evaluates technical competency, not just resumes. Our sourcing network covers established electronics manufacturing clusters and emerging semiconductor investment zones nationwide, supporting both permanent placement and contract staffing models.

With India's PLI (Production Linked Incentive) scheme driving unprecedented investment in chip manufacturing, assembly, and testing facilities, demand for skilled talent is outpacing supply. LabelzAI bridges this gap with rapid turnaround, rigorous technical vetting, and deep understanding of ISO, IATF, and cleanroom compliance requirements specific to semiconductor and electronics environments.

FinTech & BFSI

Powering India's Financial Innovation Through Precision Talent Acquisition

LabelzAI delivers specialized recruitment solutions for the FinTech and BFSI (Banking, Financial Services & Insurance) sector across India, connecting high-growth financial institutions with pre-vetted talent spanning junior analysts to CXO-level executives.

Why LabelzAI for FinTech & BFSI Hiring

The financial services landscape demands recruitment partners who understand regulatory frameworks, domain-specific skill sets, and the velocity at which FinTech scales. Our specialized talent acquisition model addresses hiring across:

- **Digital Banking & Payments** – UPI/payments infrastructure, core banking systems, digital lending platforms
- **Risk & Compliance** – RBI/SEBI regulatory compliance, AML/KYC specialists, credit risk analysts
- **Wealth & Asset Management** – Investment advisors, portfolio managers, relationship managers
- **Insurance Technology** – InsurTech product roles, underwriting, claims automation specialists
- **Financial Analytics** – Quantitative analysts, fraud detection, financial modeling experts
- **Technology & Product** – Full-stack developers, blockchain engineers, product managers for financial platforms

End-to-End Recruitment Across Career Levels

- **Junior/Entry-Level** – Analysts, associates, relationship executives (0-3 years)
- **Mid-Management** – Team leads, senior analysts, product owners (3-8 years)
- **Senior & Leadership** – VPs, department heads, CXO placements (8+ years)

Our Recruitment Methodology

LabelzAI applies structured screening protocols, domain-competency assessments, and background verification tailored to financial services compliance standards. Our PAN India network spans key financial hubs — Mumbai, Bengaluru, Gurugram, Hyderabad, and Pune — ensuring rapid turnaround on time-sensitive mandates.

Whether you're a FinTech startup scaling engineering teams, an NBFC building compliance functions, or a banking institution seeking leadership talent, LabelzAI delivers precision-matched candidates aligned to your business objectives and regulatory requirements.

FMCG & FMCD

Strategic Talent Acquisition for India's Fastest-Growing Consumer Sectors

LabelzAI Techservices LLP delivers specialized recruitment services for the FMCG (Fast-Moving Consumer Goods) and FMCD (Fast-Moving Consumer Durables) sectors, connecting organizations with high-performing talent across PAN India operations. As consumer demand accelerates across Tier 1, Tier 2, and Tier 3 markets, we provide the recruitment infrastructure businesses need to scale efficiently.

Industry-Focused Recruitment Expertise

Our recruitment consultants possess deep sector knowledge across FMCG and FMCD verticals, including food & beverages, personal care, home care, consumer electronics, and durable goods manufacturing. We understand the operational nuances of sales & distribution networks, trade marketing, supply chain management, and retail execution that define hiring success in this industry.

Talent Solutions Across the Career Spectrum

- **Junior/Entry-Level:** Sales Officers, Territory Sales Executives, Merchandisers, Trainee Management staff
- **Mid-Level:** Area Sales Managers, Key Account Managers, Category Managers, Supply Chain Executives
- **Senior/Executive-Level:** Regional Sales Heads, National Sales Managers, Business Unit Heads, VP–Sales & Marketing

With a distributed sourcing network covering metro cities, emerging urban centers, and rural distribution hubs, LabelzAI enables rapid, scalable hiring for FMCG and FMCD companies expanding their PAN India footprint — from Tier 1 corporate offices to last-mile distribution teams.

Why Partner With LabelzAI

- Structured candidate screening aligned to industry-specific KPIs
- Reduced time-to-hire through pre-vetted talent pipelines
- Deep understanding of FMCG/FMCD compensation benchmarks and role hierarchies
- Confidential executive search for leadership mandates

Logistics

Logistics & Supply Chain Recruitment Services – PAN India

Precision Staffing for India's Logistics & Supply Chain Sector

LabelzAI Techservices delivers specialized recruitment solutions for the logistics, warehousing, and supply chain management industry across India. As e-commerce, manufacturing, and 3PL/4PL operations scale nationally, we connect organizations with qualified talent capable of driving operational efficiency, cost optimization, and supply chain resilience.

Our Recruitment Coverage

We provide end-to-end manpower staffing solutions spanning the complete talent pyramid — from entry-level warehouse operations to CXO-level supply chain leadership:

Junior & Mid-Level Roles: Warehouse Executives, Inventory Control Officers, Logistics Coordinators, Fleet Supervisors, Dispatch Executives, Store Managers, Procurement Executives, and Last-Mile Delivery Managers.

Senior & Executive Roles: Supply Chain Managers, Logistics Heads, Procurement Directors, VP – Operations, Chief Supply Chain Officers (CSCO), and General Managers – Warehousing & Distribution.

Industry Verticals Served

Our recruitment expertise extends across e-commerce fulfillment, cold chain & pharma logistics, FMCG distribution, automotive supply chains, freight forwarding, third-party logistics (3PL), and manufacturing supply networks.

Why Partner With LabelzAI for Logistics Recruitment?

- **PAN India Reach** – Talent sourcing across metro, tier-2, and tier-3 logistics hubs
- **Domain-Specific Screening** – Candidates evaluated on WMS/ERP proficiency, inventory management, route optimization, and compliance knowledge
- **Rapid Turnaround** – Structured sourcing pipelines reduce time-to-hire for bulk and lateral hiring
- **Compliance-Ready Staffing** – Contract, permanent, and temporary staffing aligned with labour law and statutory requirements

Manufacturing (Automobile and Ancillaries)

Automobile & Ancillary Manufacturing Recruitment — PAN India

Precision Talent Solutions for India's Automotive Manufacturing Ecosystem

LabelzAI Techservices delivers specialized recruitment services for the automobile and ancillary manufacturing sector across India, connecting OEMs, Tier-1/Tier-2/Tier-3 suppliers, and auto-component manufacturers with qualified talent across all organizational levels.

Industry Expertise

Our recruitment consultants possess deep domain knowledge of automotive manufacturing operations — production planning, quality assurance (IATF 16949), supply chain management, plant operations, and process engineering. We serve passenger vehicle, commercial vehicle, two-wheeler, and auto-ancillary manufacturers, sourcing candidates for shop-floor, engineering, and corporate functions.

Positions We Fulfill

Junior to Mid-Level: Production supervisors, quality engineers, maintenance technicians, CNC/VMC operators, tool & die makers, assembly line engineers, procurement executives, logistics coordinators, and QA/QC inspectors.

Senior to Executive Level: Plant heads, production managers, manufacturing excellence leads, supply chain directors, VP-Operations, and CXO-level manufacturing leadership.

Why Manufacturers Choose LabelzAI

- **PAN India Reach** — Sourcing capability across automotive manufacturing clusters including Chennai, Pune, Gurgaon-Manesar, Ahmedabad, and Aurangabad
- **QDAC-Driven Screening** — Our Quality, Depth, Accuracy, and Consistency framework ensures technically vetted, role-ready candidates, reducing mis-hire risk
- **Reduced Time-to-Hire** — Pre-qualified talent pipelines aligned to production cycles and seasonal demand
- **Compliance-Ready Placements** — Candidates vetted for statutory and safety compliance standards relevant to manufacturing environments
- **Contract, Permanent & Bulk Hiring** — Flexible engagement models for shop-floor staffing surges, contract-to-hire, and leadership search
